Bourbon County Gives a Dry Majority of 405 Over the Wets

After a hotly contested campaign extending over a period of several months, during which time the county and city was thoroughly canvassed by experienced workers, the local option forces scored a decisive victory over the liquor people, the county going "dry" by a majority of 405.

The battle was a hard fought one and while bitterly contested at every point, and entirely devoid of personalities, and was quietly conducted. Paris gave the wets a majority 275. Bourbon County outside of Paris gave 680 majority for the "dry's," the county as a unit going "dry" by 405.

The election passed off very quietly and no disorder of any kind marred the day.

The local option election which was called by the "wets" for the city of Paris, was held Saturday. The "dry's" had announced that only the "wets" would vote at this election, but a few, who did not know of this understanding, voted in each precinct. The vote was as follows:

Precinct No. 2.....	167	20
Precinct No. 3.....	97	12

The total registered vote of Paris is 1,667.

Wm. Sledge, a negro, was arrested at midnight on a warrant charging him with buying the registration certificates of negro voters. Sledge claimed to be working under instructions from the "dry's" and had his headquarters in a Main Street grocery. When searched he had fourteen purchased certificates in his possession. He was released on \$200 bond.

The election passed off very quietly and there was no excitement or trouble of any kind.

Results in other counties voting yesterday were as follows:

Clark County, 600 dry; Montgomery County, 333 dry; Scott, 314 dry; Anderson County, 64 wet; Shelby, Henderson, Bell, Boone and Carroll had not been heard from.

NEWS OF MILLERSBURG

—Mr. Julian T. Adair returned Sunday after a three weeks' absence at the State Fair in Louisville, where he was Superintendent of the Poultry Department, and at Memphis, Tenn., where he attended the Poultry Show.

OSTEOPATHS MEET.

Central Kentucky osteopaths held an important meeting in this city last Friday at the office of Dr. Martha Petree, to formulate plans whereby the importance of securing and maintaining a correct spine in growing children may be impressed on the teachers and parents in this section of Kentucky.

Superintendent Hendricks and Miss Minnaker, the visiting nurse, and Miss Britain, head of the physical culture department, were present at an interesting clinic of school girls, who were excellent examples of the effects of cured spine, on general health, eyes, heart, and lungs. These clinics were typical of a large per cent. of school children, who, unless the proper care is given them, will grow into men and women who are not able to properly fill their positions as citizens of the State.

In talking to the representative of the Bourbon News, Dr. Petree said it had long been her desire to establish a clinic in Paris where the children of deserving poor may receive free treatment, and she is taking the opportunity to put her plea for "Better School Children" before the teachers, parents, and nurses of Paris, in order that she may be put in touch with those whom she may help.

A clinic was held showing the effect of spinal curvature on the eyes, heart and general health, and how the curvature of the entire spinal column may result from one misplaced vertebra. Four patients were present. The doctors asked the co-operation of superintendents and teachers and all who are interested, in order that they may get in touch with the children of the deserving poor and establish free clinics in the cities represented, for certain days each week. The definite results of the conference and of the plans formulated will be announced later.

Superintendent T. A. Hendricks, of the Paris Public School; Miss Edith Brittain, instructor of physical training, and Mrs. Harriet Minnaker, the visiting nurse, were present by invitation.

DR. HINITT HONORED.

Dr. F. W. Hinitt, president of Central University, Danville, who is well-known here, has been elected president of the Washington and Jefferson College, of Washington, Pa., at salary of \$7,200 a year. Dr. Hinitt has been in charge of the college in Danville for four years and stands high as a college executive. The institution which has honored him is one of the oldest Presbyterian colleges in the United States.

HIKERS ON A LONG HIKE.

Charles Garnett and Frank Rollins of Pocatello, Idaho, passed through Paris Sunday morning at nine o'clock walking from Pocatello, Idaho, to Augusta, Maine. The route taken by the hikers covered 10,000 miles and they had already covered 7,150 miles and had until Feb. 27, 1915 to finish their contest. By the terms of the contest they were not to beg or steal or ride, and when they left their homes had one dollar and were to have at least that much when they returned. They made their expenses by selling their pictures. There were eight in the contest at the beginning and all but two dropped out.

The men were attired in khaki suits and carried cameras with which they made several snapshots of Paris scenes. They only remained here about an hour. The most remarkable thing about their stay was the fact that in commenting on Kentucky they did not once use the time honored phrase, "the home of fast horses, pretty women and good whiskey." They complimented the appearance of Paris generally and said that the Paris courthouse was one of the handsomest public buildings they had seen since leaving Pocatello.

The men were in excellent health and spirits and seemed to regard the long journey as merely a holiday trip. They said they had experienced no hardships whatever on the trip, and had met with kind treatment all along the route. Both were tanned by exposure to the weather, but didn't seem to care much about it.

After taking a stroll around Paris for an hour the hikers left by turnpike route for Maysville. They said they had positively refused all offers of autoists and others to give them a "lift" on their journey, as they intended to make every inch of the trip on foot.

When told that they would have to be ferried across the Ohio river at Maysville they replied that they would pace up and down the ferry boat from shore to shore.

ON LOW GEAR.

The Franklin Demonstrator drives over one hundred miles on low gear--purpose to demonstrate superiority of Air-Cooled Motors over All Water-Cooled Motors.

On Thursday, the 24th of this month, the Franklin Demonstrator belonging to the Phoenix Motor Car Company, of Lexington, was driven over a hundred miles on low gear. The object of the run was to show the absolute superiority of the Franklin Air-Cooled Motor over all Water-Cooled Motors.

The car carried on the trip the following citizens of Lexington: Mr. John Wilson Townsend, observing officially for the Lexington Herald; Mr. C. L. Walker, observing by invitation; Messrs. William Phillips and William Hamilton, representing the Phoenix Motor Car Co.

These four gentlemen will today

Friday morning the cylinders were removed from the car which had made the run, and the cylinders and pistons inspected by a committee of Mechanical Engineers from the State University and found to be uninjured.

The demonstration Thursday proved nothing to us nor to owners of Franklin cars. However, from to-day the skeptic will not ask of the Franklin dealer: "Will it run cool?"

From to-day the exponent of the Water-Cooled system must be on the defensive.

"The total distance traveled was 105 miles."

"The entire run was made on low gear."

"The motor was not allowed to stop nor the hood raised for any purpose whatever."

"A little less than three quarts of lubricating oil was used."

"The average time was over ten miles per hour, the actual time having been nine hours and fifty-seven minutes."

"The car left Nicholasville at 8:00 a. m. and arrived at Versailles at 9:33 a. m.; Frankfort 11:00 a. m.; Georgetown 12:50 p. m.; Paris 2:25 p. m.; Winchester 4:05 p. m., arriving at Lexington at 5:57 p. m."

The motor was running as cool and quietly at the finish as when it first started.

No owner of a Water-Cooled car

GET THE HABIT! IT WILL PAY!

Being unable to see all my friends and customers, I take this method of communication. As a direct result of the European conflict, nearly all the staple food stuffs have made sensational advances during the past month. Flour, Meat, Lard, Sugar, Coffee, etc., have all advanced and will probably go much higher.

The terms which the dealers now get from packers and jobbers are becoming more stringent, to carry customers for thirty days or longer and to allow for bad debts would make it necessary to tie up a great deal of capital in the business, and as this advancement in prices has also caused a stringency in the money market, it makes it impossible to do business on the old basis. Owing to said conditions I have decided to put our business on

CONFERENCE BETWEEN MILITARY CHIEFS.

SAN ANTONIO, Texas, Sept. 25—Telegraphic dispatches received here by the legal representative for Gen. Carranza from the City of Mexico announce that following a conference there to-day, a board of military chiefs has been appointed to mediate the grievances between the constitutionalists and the division of the north commanded by Gen. Villa. TO STAY AT VERA CRUZ LONGER TIME.

WASHINGTON, Sept. 25—Secretary Garrison to-day ordered Brigadier-General Funston, commanding the American forces at Vera Cruz, not to withdraw during the next ten days. Secretary Garrison announced that the order was caused by a delay in the adjustment of many details incident to the transfer of the funds and the customs houses.

CARRANZA AND VILLA MAY BECOME RECONCILED.

WASHINGTON, Sept. 25—Administration officials to-day anxiously awaited the crystallization of events in the break between Generals Carranza and Villa, still hopeful that efforts now being made to settle their difficulties would meet with success.

At a meeting of the trustees of Washington and Jefferson College, held at Washington, Penn., Wednesday, Rev. Frederick W. Hinitt, D. D. Ph. D. president of Central University, at Danville, Ky., was unanimously elected as President of the Washington and Jefferson College.

This is the second time that Washington and Jefferson College has come to Kentucky for a President. In 1845 it selected Rev. Robert J. Breckinridge, a well known educator and preacher of Kentucky to head the faculty.

It is understood that Dr. Hinitt will accept, and that he will be inaugurated next June. His salary will be \$7,200 a year, one of the largest college salaries paid in the United States.

Dr. Hinitt is recognized as one of the leading educators of the South. He has served as president of Parsons College in Iowa, is himself a graduate of Westminster College, Missouri, and of McCormick Theological Seminary, Chicago, and has a wide reputation as a preacher.

LODGE, Sept. 25.—Accompanying reports of bad weather in the war areas comes the ominous news of the presence of disease.

Hungary has acknowledged an outbreak of cholera among her troops and while it is denied officially the same scourge is said to have attacked the Servian troops.

General epidemics of milder diseases may be expected in the western battle area where the troops on both sides, drenched by a pitiless rain, are lying in the flooded trenches.

The operations in Alsace-Lorraine are said to have come to a complete stop on account of snowstorms. Rains and floods are reported also from the scene of the Galician operations and probably account for the cessation of the attack on the retreating Austrians.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system.

To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and buildup your strength.

Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

The old saying that "a sucker is born every minute" is a trite and true one, and is especially applicable to the story told of a well-known Millersburg man who was in Lexington attending the Ringling Bros. Circus. It seems that this merchant, accompanied by his wife, was standing on Main Street watching the parade, when the pangs of thirst assailed him, and he slipped away silently and secured a dose of "never ease" from a convenient cafe. As he emerged from the swinging doors he was greeted by a dark-eyed dark-haired female member of a supposed gang of gypsies who wanted to tell his fortune. Mr. Merchant fell for the stunt without even thinking of waiting friend wife and under the mellowing influence of the "never ease" gently put his hand into the waiting mitt of the pretty gypsy. While she gladly told off the good fortune that was in store for him in the future, she slyly tickled him under the chin, and swiftly stole away with the \$1 fee tightly clutched in her dainty fist. Some time after rejoining friend wife Mr. Merchant found that his pocketbook containing \$25 and railroad tickets had been deftly lifted from his vest pocket. What explanation he made to friend wife remains a secret, as well as the names as our informant exacted an iron-bound pledge not to reveal names under any circumstances. Only three guessers allowed to each resident of Millersburg.

ANNOUNCEMENT.—Announcement cards as follows have been received by friends in Bourbon:

Mrs. Ann K. Nugent has the honor of announcing the marriage of her daughter Curry to

Mr. Prentice Porter Douglas on Wednesday the twenty-third of September one thousand nine hundred and fourteen at Lexington, Kentucky

Duvall-Stevenson

—Anticipating a visit from his sister Miss Cordelia Duvall, of Frankfort, Mr. John Duvall the popular conductor on the city car on the Interurban lines, was greatly surprised to receive news of her wedding. Miss Duvall and her fiance Mr. B. F. Stevens, concluded to make their visit here a honeymoon trip. Securing a marriage license, then went to the residence of Rev. S. D. Stricher, in Frankfort, where they were married Friday afternoon. After the ceremony they came to this city where they are guests of relatives on Nineteenth Street. The bride-elect is a charming young woman of many graces of character. She is receiving the congratulations of their many friends.

McCord-Thomson.

Miss Ethel McCord, of Ewing, and Mr. Payne Thomson, of Paris, were married in the County Clerk's office in Maysville, Friday by Dr. John Barbour. Miss McCord is well-known in this city as she was a frequent visitor here. Mr. Thomson is in the employ of the L. & N. and has a host of friends here. The bride is a niece of Mrs. B. M. Harrison, of Maysville.

Hinton-Whitridge.

A social event of much interest to the many friends and relatives of the contracting parties occurred last Wednesday evening, Sept. 23, at the residence of the bride's parents, Mr. and Mrs. Victor Whitridge, in Baltimore, Md., when Miss Elizabeth Pierpont Whitridge, the charming daughter of the home, became the bride of Mr. Oscar Taylor Hinton, of Paris, Kentucky.

Owing to the failing health of the bride's father, only the immediate relatives and closest friends were present to witness the ceremony. The house was beautifully decorated with potted plants and ferns, while the color scheme of yellow and white was artistically carried out in a profusion of cut flowers and the soft glow of many candles.

To the sweet strains of the Lohengrin wedding march the bridal party entered the drawing room by an aisle formed of white ribbons, carried to position on either side of the altar by Henry Revelle Whitridge and Felix Brent Wilson, brother and cousin of the bride. The groom, with his best man, Mr. Charles W. Fithian, was met at the altar by the officiating minister, Rev. Mr. Armstrong, who performed the ceremony in a most solemn and impressive manner.

The bride's only attendant was her cousin, Miss Carolyn Keith Roseberry, of Paris, Ky., who, as maid of honor, was never more bewitching. She was charmingly gowned in gold embroidered lace over yellow satin, enhanced by a touch of turquoise panne velvet and ropes of pearls. She carried an arm bouquet of sunset roses.

The bride approached the altar upon the arm of her uncle, Mr. William A. Wilson, of Philadelphia, who gave her in marriage. She was radiantly lovely in an exquisite creation of bride's satin, rose point and ornaments of seed pearls, with veil falling gracefully from a Juliet cap of rare lace and orange blossoms. She carried a bouquet of lilies of the valley and maidens' hair fern.

The ring ceremony was used and the bride and groom for the invocation knelt upon a dainty white satin pillow. After an informal reception the guests repaired to the dining room where a delicious three-course supper was served from a table beautiful in its appointments of Cluny, cut glass and silver, with flowers and confections carrying out the color tones. The happy couple in a veritable storm of good wishes, congratulations and rice, left for a short trip in the East, returning will make their home in this city.

The out-of-town guests were the groom's parents, Mr. and Mrs. W. O. Hinton, the groom's sister and brother-in-law, Mr. and Mrs. Amos Turney, Jr., Miss Carolyn Keith Roseberry and Mr. Charles W. Fithian, of Paris, Mr. and Mrs. William A. Wilson, Miss Jane Eleanor Brown, Mr. Felix Brent Wilson, of Philadelphia, Miss Mary Elizabeth Garrett, of Portsmouth, Virginia, Mr. Alexander Fithian, of Washington, D. C., and Dr. Wm. Francis Whelan, of New York.

The bride is the attractive daughter of Mr. and Mrs. Victor Whitridge, of Baltimore, Md., and is an accomplished and handsome young woman. She has been a frequent visitor in Bourbon, having often visited at the home of her cousin, Miss Carolyn Roseberry, and has always been a favorite in Bluegrass circles.

Mr. Hinton is a son of Mr. and Mrs. W. O. Hinton, of Paris, and a grandson of Mayor John T. Hinton, of this city. He is one of Bourbon's rising young attorneys, and is also a member of the well-known insurance firm of W. O. Hinton & Son. Mr. Hinton is a graduate of Ann Arbor College, and recently passed a most creditable examination for admission to the Bourbon Bar. He is a capable and industrious gentleman and no doubt will make good in his chosen profession.

MORELAND CASE DECIDED.

In a decision rendered Tuesday the Court of Appeals affirmed the case of Moreland's administrator vs. Hough & Spalding. While in the employ of the firm who had a construction camp on the L. & N. near Paris, Mr. Moreland was killed by the explosion of a boiler. In the Bourbon Circuit Court the trial of the case resulted in a verdict being rendered against the contractors.

At the Christian church Sunday morning an interesting program was rendered by the pupils, beginning with the children in the primary class. The occasion was "Promotion Day" much on the order of promotion of pupils in grades in the schools. In order to be a first-rank school it is a requirement to have grades, examinations and promotions just as is done in day schools. The names of the children who have been promoted will be announced next Sunday.

TOBACCO NEWS.

The use of our coke practically insures your Tobacco against House Burn. We solicit a trial. (29-1t) CHAS. S. BRENT BRO.

FARMING CONDITIONS GOOD.

Weather conditions were altogether favorable to the cutting of tobacco last week, with the exception of one day, when a cold rain interrupted the work.

If all the tobacco that was set out in the spring had matured it would have been almost impossible to house it now, for so large in the crop that did not come maturity that it is very heavy to handle, and barn room was never in so great demand.

The livestock market which has been unusually dull for the past month or two, has revived, and considerable activity is noticeable, especially in the cattle and hog lines. Both of these classes of stock promise to be higher than ever before this fall, partly on account of the high cost of feed, but principally on account of the European war, which seems to be affecting every branch of trade and every industry and which will make an increasing demand for American foodstuffs for a long time to come.

ALEXANDER BANK MAY SOON PAY DIVIDENDS.

Information which has been obtained from a reliable and authentic source is to the effect that the bank of George Alexander Co., in this city, which was closed by the State Banking Commissioner Thomas J. Smith, last May, and which has since been in the hands of a Deputy Commissioner, who, with a corps of assistants has been investigating the affairs of the defunct institution, will be able to pay the depositors about 25 cents on the dollar.

This information is based upon the tentative report of the assignee of George B. Alexander, president of the institution, who is under indictment in the Bourbon Circuit Court for misappropriating the funds of the bank to his own use, causing to be made false entries on the books and for making false statements to the Banking Commission.

Since his arraignment in court to answer to the indictments returned against him at the June term of court, Mr. Alexander has remained very close to his home, and for the past few days has been confined to his bed with illness. His personal property including his residence on Pleasant Street which has been placed in the hands of his assignee, is advertised for sale.

A New York theatrical man with an income of \$25,000 a year went to Wall Street with \$20,000 and tripped it. Bell Telephone Bulletins

4—HASTE AND IMPATIENCE

The majority of people who use telephone are in a hurry. They want to communicate quickly with some one and the slightest delay is likely to cause impatience and irritation. If a busy man waits a few seconds for a response from the operator when he is using the telephone in haste, these seconds seem like minutes. If he is told that the line is busy it is likely to exasperate him. If telephone users could see the operators at work while they are calling, or if they could see how many others are to be served at the same time, in the case of a bank or in a store, the seconds that seem so long would pass unnoticed.

Understand, however, our debt—the fault is corrected.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. PARIS GRAND
Thursday,
Oct. 1st.

An amusing insight into the family life of wild birds is afforded by a remarkable film to be presented by Lyman H. Howe at the Paris Grand, October 1st.

These productions of the shy, timid, and wary creatures were secured only by exercising infinite patience and extraordinary skill and resourcefulness. The mother bird's solicitude for the welfare of her young, and the absolute confidence of the latter are shown with a fidelity and naturalness that are most appealing. Weeks of patient waiting were necessary to familiarize the anxious mother bird with the camera before her natural distrust of human intrusion could be overcome. Another distinct photographic triumph of this film is that which "caught" the kingfisher at the moment of diving for a fish, capturing it, and then enjoying his repast—though with considerable effort. Then there are brightly hued wood-peckers "at home" looking askance out of a tree trunk, the fascinating shrike, the astute magpie "a singing lesson" with young crows as pupils, young duckling; graceful swans and a heron in flight. The film comprises the finest examples of bird life in natural colors that could be imagined.

A descent into the crater of Vesuvius, pictorial pilgrimages through Venice, Greece, France, India and Arabia, wonders of submarine life, the growth of plants and flowers, European horsemanship and cavalry maneuvers, a new ride on a runaway train are a few of the other big features including entirely new animated car-

MR. CLAMBERS REMEMBERED BY FELLOW EMPLOYEES.

Mr. W. O. Chambers, formerly Master of Trains, was called upon at his home Thursday afternoon by a number of railroad friends, representing the various departments and presented with a purse containing \$305 in gold, to express their appreciation of eleven years of relationship.

Mr. Chambers was one of the most popular officials of the L. & N. railroad company, and his many friends regret his leaving this division.

A committee of six was appointed, representing the conductors, engineers, firemen, brakemen and operators and dispatchers.

Mr. C. E. Peterson, one of the most popular conductors of this division, for the committee, in a few appropriate words, made the following remarks:

"Mr. Chambers:

"These few railroad men, representing various departments, have gathered together this beautiful afternoon to express to you their appreciation of the many kindnesses and favors received from you. Also to extend to you their regret that you have severed your connection with this division."

"It is almost eleven years since you came to this division. During that time many of us, if not all, have been in trouble. In fact, a railroad man's life is made up of trials and trouble, from the President who lives in luxury, to the poor laborer who works upon the tracks, and in times of trouble we always knew where to go. And we are here to say that each and every man received a square deal from you.

"Our loss of you means someone else's gain, and, while as yet you have not been placed anywhere, we hope and trust that this will mark the beginning of a bright and happy future for you in railroading, and that you will rise to an official position where we as well as yourself will feel proud.

"Now, on behalf of your many friends, I wish to present to you a little token, not for its intrinsic worth or value, but that it may be laid up among the records in your memory as a memorial to remind you of the many pleasant days spent with us.

"This old pocket-book from its appearance shows many hard days of usage, and from the appearance to you and the outside world would appear to be worthless, yet like the dark cloud each has a silver lining, and like the dark days of our lives the sun always shines the brightest. Accept this old pocket-book, which contains \$305 in gold, and with it our best wishes, and may the future have many bright and happy days for you and your family."

"The Strongest Corsets Made"

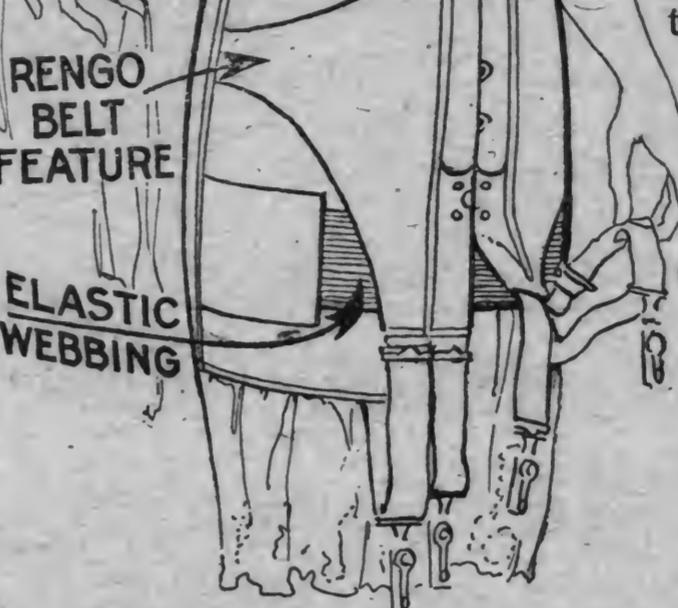

Rengo Belt Reducing Corsets

have won remarkable favor among stout and medium women because of their great strength—they are the strongest corsets made.

No matter how clever the design in producing perfect style and correct lines for an over-stout figure, the whole value of such a corset is immediately lost if it lacks the strength to hold its original shape.

Rengo Belt corsets are all that can be desired in style (determine that for yourself by examination), and they possess more of lasting shapeliness than can be purchased in any other corset.

The new models are now ready. You will find them boned throughout with double watch-spring steels, guaranteed not to rust.

BOUQUETS FOR BOURBON HORSEMEN.

STOCK AND FARM NOTES.

"Onlooker" writing in the Farmers' Home Journal, says of Bourbon horsemen:

"Collins & Son, while they were good winners throughout the season, were the most unfortunate exhibitors, losing three of their top show horses early in the season. Their two year old filly, which had her leg broken, was a real sensation and had been unbeaten at Mt. Sterling, Lexington and Eminence, while their other two losses are said to have been equally as heavy. These horses promised to add to the fame of their great sire, Teddy Roosevelt, and their loss was a very unfortunate one. However, Teddy Roosevelt has made a name for himself as a sire that is a remarkable one for a horse of his age."

"Billy" Collins, the junior member of the firm, is one of the game's sterling and most popular horsemen. He made Astral Queen one of the best harness mares that have been seen in a long time, and under his skillful training will continue to come a long list of winners.

"Allie Jones may justly feel proud when he looks over the long list of winners by Bourbon King. This horse was the leading sire of the year, a large per cent. of the winners being either by him or by his sons. He was the sire of the four great aged horses, Astral King, Richview King, Bourbon Star and Princess V., and several others, while his three year old, Radiant King, his two year old stallions and his sucklings won many futurity prizes and other honors."

DEATHS.

H. C. Caywood, of Bourbon, sold 84 head of feeding cattle averaging about 1,000 pounds each, to a Bourbon farmer this week, at prices ranging from \$7.25 to \$7.50 per hundred.

At Nashville, Tenn., Tuesday, Doug Thomas, of Paris, won a race with Jesse Turney's entry, Wayside. Mr. Thomas also won second, money in a race at Nashville, this week, with King Todd.

J. Elmer Boardman, of near Little Rock, sold this week to Dr. M. H. Dally, of Paris, thirty-one head of 936-pound feeding cattle at \$7.50 per hundred pounds. The stock was delivered Wednesday.

J. H. Marr, of near Millersburg, captured all the prizes at the Kentucky State Fair at Louisville last week on his mule colts and left that city on Saturday for the State Fair at Nashville, Tenn., where he will show them.

Mr. Marr took first and second place or more mules under one year old, and first, second and third on mare and colt. His premiums amounted to about \$200. Nowhere at the fairs this year has these colts been beaten, neither have the mare and colt been beaten. This mare belongs to his father-in-law, M. S. Letton, of Nicholas County, and is about the classiest animal in the brood mare line in the country.

THE WAR TAX.

The war tax, as agreed on by the Democratic House caucus, approved by the President and Mr. Underwood and, in the material form in which it will be enacted, adds to the special stamp taxes imposed during the Spanish-American war tax on beer, wine and gasoline.

Aside from Republican opposition, which sees in the imposition of the tax the first opportunity for the manufacture of political capital which has presented itself in long months of weary waiting, the country is disposed to look on the situation with a measure of philosophy.

It is a debated question as to the effect of a Democratic tariff in the decrease in revenue. It is an incontestable fact that the war, which is the protectionist theory under most favorable conditions, has reduced revenues in such fashion and extent as this country has never before known. The war is a condition. The best the Republicans can make out of the tariff for their present purposes is a theory. The debt is here and has to be paid, though the great majority of Americans agree with Mr. Wilson that we did not incur it.

Happily the provisions of the war tax measure are likely to prove annoying rather than burdensome. Red tape will have to be submitted to and incon siderable expenditures made by the average citizen, but he is not going to have the cost of living noticeable increase thereby. Until an experience of that nature is chargeable to the Administration, the afore-said average citizen may be counted on to preserve both his good sense and his good temper.—Louisville Times.

Mrs. Todd Wilson, formerly of this county, died in Cincinnati yesterday. The remains will be taken to Mt. Sterling for burial. The deceased is survived by one daughter, Miss Mary Wilson, of Cincinnati. She was the grandmother of Miss Carolyn and Hiram Roseberry of this county.

OAKS.—Little Lloyd Oaks, the two-month-old babe of Mr. and Mrs. Mack H. Oaks, who reside near Corbin, died Thursday night, at the home of Mrs. Oaks' brother, H. H. Patrick, on Winchester Street, where she had been visiting for about two weeks. The little body was taken to Jellico, Tenn., for burial, Friday morning on the 10:30 o'clock train.

DOWD.—Mrs. Sallie Dowd, widow of Michael Dowd, formerly of Paris, died at her home in Indianapolis, Ind., Saturday night at 11 o'clock, after a prolonged illness from a complication of diseases. The body will be taken to Lexington for interment. The funeral party will arrive over the Queen & Crescent road this morning at 10:30 o'clock. The interment will be in the Catholic Cemetery.

Mrs. Dowd was the mother of Misses Nannie, Mamie, Clara, Marguerite, Elizabeth Dowd, and Mrs. Edward Baldwin and Robert Dowd, all of Indianapolis. She was also the mother of the late Mrs. John J. Galvin, of Lexington. Mrs. Dowd had been a resident of Indianapolis for the past eleven years.

The funeral will be held at 11 o'clock this morning in the Catholic Church, Rev. Father Punch officiating. The pall-bearers will be Murray Higgins, of Paris; John Feeney, Mat M. Laughlin, Ed. McLaughlin and Thos. McLaughlin, of Lexington.

MONEY FOR DISTRESSED SOUGHT BY RED CROSS.

This appeal to the churches of the United States was issued Tuesday by the Executive Committee of the American Red Cross:

"Our President has, by proclamation, designated Sunday, October 4, as a day of prayer for peace. It has been suggested in many quarters that on this Sunday a collection be taken up in every church to relieve suffering in the war-ravaged countries of Europe. The Red Cross, which is charged with the special duty of aiding the sick and wounded in time of war, respectfully urges that opportunity be given in each church for every person who so desires to make a contribution to be given to the American Red Cross, which is impartially aiding every country in a spirit of common humanity, and which recognizes no distinction of race or nationality.

"However, every contributor who desires to designate any particular fund or country to which his or her contribution shall be applied do so, and such request will be respected."

Braine, excited at the identity of this person, levels his revolver. Florence fires and Braine, shot in the lungs, learns about the treasure box and recovers it from the sea. Again the box is shown—but mysterious hands appear—the treasure chest sinks from view!

A strong, well developed story of how two crooked business men make dupe of a young fellow who inherits a fortune. Later the fake mining stock develops into the real thing and the hero is richer than ever. Robert Frazer and Mildred Bright play the leads, with Helen Marten as the daughter of one of the crooks. This is an unusually strong offering of its type, working up naturally and easily to a fine climax.

"The Love Victorians" in 3 reels taken from the greatest play ever produced "Everywoman."

"The Love Victorians" is an allegory of the fall of woman through the agency of Evil and his side partners, Vanity, Flattery, Lust and Vice, and her redemption through the instrumentality of the Christ Spirit as symbolized in the Good Man. The sordid and the beautiful all the attributes of good and evil are personified and each plays his part in this figurative pageant of human life.
